TAGARNO FHD ZIP

EXCELLENT FULL HD IMAGE AND VIDEO QUALITY / EASY IMAGE AND VIDEO CAPTURING

EXCELLENT FULL HD IMAGE QUALITY

With FULL HD you get an extremely sharp image with unsurpassed colour rendition. What you see on the monitor is exactly what is under the camera
- without distortion, delay or interference.

The sensor in FULL HD is 5 times more sensitive to light than previous versions, which gives you better images and more depth of field. The built-in autofocus ensures a sharp image regardless of magnification size.

IMAGE CAPTURING AND SHARING

TAGARNO has developed new features and PC options to complete the new camera solution.

TAGARNO FHD ZIP comes with USB 3, which, via 3rd party software, makes it possible to stream and store uncompressed live video in Full HD on PC with 60fps, for further editing or distribution.

MAGNIFICATION UP TO 48.1X

With FHD 30x optical zoom the depth of field is significantly improved and the user has a better overview at minimum zoom compared to other cameras on the market. 30x optical zoom with a +4 lens also enables higher magnification at maximum zoom.

Dimensions	H: 350mm/13.78" W: 155mm/6.10" D: 386mm/15.20"
Weight	2.0 kg/4.4lbs
Camera resolution	FHD 1080p, 1920x1080p at 59,94/50/29,97/25Hz HD 720p, 1280x720p at 59,94/50Hz
Camera zoom	30x optical
Autofocus	Yes
Power consumption	15W
Standby consumption	0.8W
Storage	-5 - +60°C / +23 - +140°F, 20 - 90% RH
Operation	+5 - +40°C / +41 - +104°F, 20 - 80% RH
Work height	250mm/9.84"
Work depth	280mm/11.02"
Auto Monitor Detect	Yes
Plug connection	Mini-HDMI & Micro-USB 3.0
ESD	ESD Grounding point. Only black models
